Company Insurance

Business insurance protects businesses against losses suffered in the course of their normal activities, particularly when the business faces a compensation claim. Covers include professional indemnity insurance, public liability insurance, and employers' liability insurance.

As a company our aim is to ensure our clients are the centre of our service and their satisfaction is paramount so with that in mind we would like to inform our clients that the company has taken out an insurance policy with a reputable company so that our clients can be assured that they are protected with our company.

About us

UKSAMS aims to answer and support the needs of businesses in the UK. The company has begun its operations with a focus on international markets and has joined ventures with Iraq and Iran to utilise their rigorous management and expertise.

The company plans to expand and deploy its executive network in a variety of countries to access international markets and to be active in its centres, as well as to diversify its export, import and branding activities worldwide and by bringing its business partners into action.

In addition to building international trade capabilities, show case the ability to explore business opportunities and invest in large-scale industrial and service sectors , so the company seeks maximum adaptability developed with world-class standards, a robust and extensive network of supply chains to promote the development of commercial and economic communications, industrial-financial cooperation and improved competitiveness around the world, providing the facilities needed for applicants to enter the field.

Our Services

Trade Support

Local experts to a global marketplace.

At UKSAMS we understand the opportunities and challenges of growing internationally. Our consultants support businesses in their strategic plans for global growth, as well as their execution. We offer bespoke assessments of international markets, creating market entry and growth strategies to help accelerate business development in new markets.

Marketing Services

Right message, right audience, right time

From brand awareness, to sales development, business growth and aftercare, marketing is at the core of every business. Marketing your service or product to an international audience also creates additional challenges as it will likely require a different approach to what has worked before. Our marketing services team provides a full range of services encompassing brand development, digital marketing, PR and social media and can support you through the entire marketing cycle from strategy and planning through to implementation.

Funding & Ventures

Solutions to accelerate your international growth.

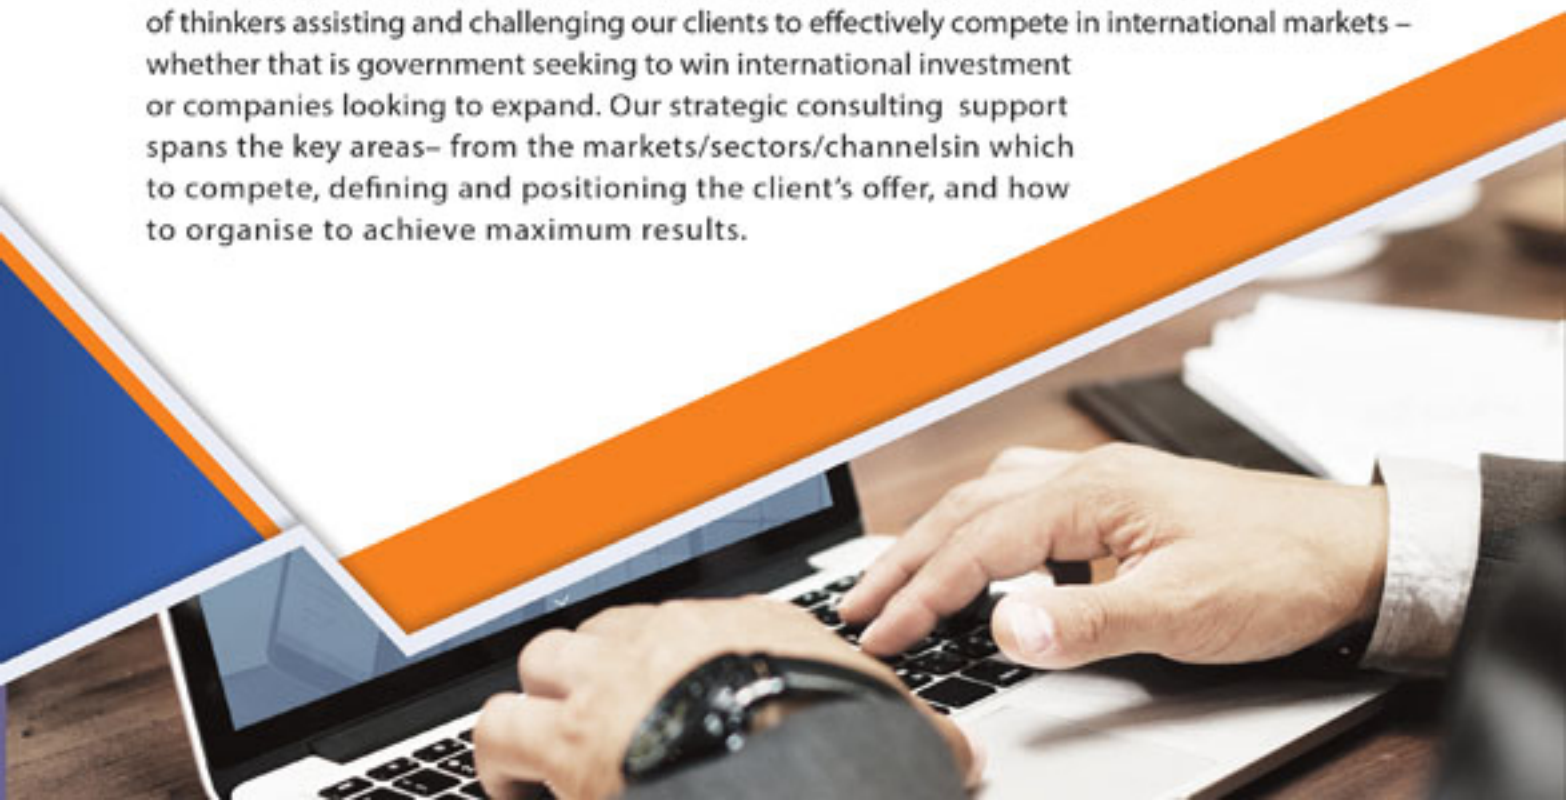

Growing your business internationally will invariably require alternate or additional funding. Alongside our range of advisory services, UKSAMS works with companies to understand their funding requirements and provide a range of potential solutions.

Whether you plan to raise equity funding or are seeking an export finance solution we can engage in evaluating the range of options that are right for your business.

Don't let your international growth be constrained let UKSAMS find the correct funding model to fuel your growth.

Consulting

Challenging conventional thinking to build winning strategies UKSAMS was originally formed as a pure play consulting company and this ethos runs through the firm today. We are a company of thinkers assisting and challenging our clients to effectively compete in international markets – whether that is government seeking to win international investment or companies looking to expand. Our strategic consulting support spans the key areas– from the markets/sectors/channels in which to compete, defining and positioning the client's offer, and how to organise to achieve maximum results.

Planning

Providing the ideal platform to grow your international business.

Taking the first physical steps into an international market is a big step for your business and can be a daunting one. UKSAMS services are designed to ease this process and provide the support structures so you can focus on growing your business. UKSAMS services ensure that the necessary administrative requirements are completed and that the right local company structure for your business is established.

Research

Uncovering insights to drive international growth.

In an increasingly competitive global marketplace, it pays to do your homework upfront.

Whether it's identifying the highest potential investors, identifying the right market for your product or evaluating your competition, UKSAMS Research team will find the answer.

Leveraging cutting edge databases and tools, supplemented by extensive in-market networks and drawing on broad experience, UKSAMS delivers insightful research that guides our clients toward making the right decisions, maximises return on investment and delivers outcomes, from bespoke assignments to larger outsourced research functions UKSAMS delivers.

SAMS BUSINESS MATTERS

UKSAMS LTD was the founder of the SAMS Business Matters, since 2016 when UKSAMS LTD was founded it has researched to gather resources and information as to what clients' needs are and how the information provided in the magazine would benefit them and with this mind we have put together SAMS Business Matters.

SAMS Business Matters is the official publication of UKSAMS LTD, which is becoming one of the largest and most influential business organisations in Britain for the new generation. Published every two month, SAMS Business Matters fulfils two principal roles. Firstly, to keep readers informed of the world activities, whether they will be fighting local causes on behalf of companies or providing information on the various networking events that form such a core part of any community.

Secondly, it acts as a discussion forum for some of the capital's leading business people. With a large number of readership, it will also be a center of advertising for clients that wish to advertise the service they provide.

Each publication carries issues which affect all businesses, from tax to exporting and from transport lobbying to tackling red tape problems and world economics and trade.

At SAMS Business Matters, we're passionate about championing new business. Providing fresh perspectives and representing disruptive solutions, we're interested in the start-up businesses that are spearheading Britain and the globe forward.

Our Brands

The company was founded in 2016 and to date has accomplished numerous projects and one of its projects was to establish its own brands not only for company use but to attract clients that are not able to establish their own companies overseas or brands, UKSAMS will support clients from the start to the end of their projects ensuring that their targets are met and after completion still to continue to support them so that they will succeed. Below are some of our brands to date that have been officially registered with the Trademark Authorities.

Sepi qualified as a Registered Nurse from Worthing and Southlands hospital in 1991. After qualifying Sepi worked as a nurse / manager for 33 years and then chose to develop the foundations of her nursing skills within the private sector and pursued a career in medical aesthetics; combining her passion for both nursing care and appearance based medicine.

Sepi was fortunate enough to have been trained and mentored by the UK's leading training provider in Harley Street and now holds the highest regarded qualifications for Botulinum Toxin Type A injections and Dermal fillers in the industry which is Level 7 Diploma in aesthetics ,she is also a nurse prescriber. Sepi is also a proud member of the British Association of Cosmetic Nurses (BACN), Royal Collage of Nursing (RCN) and is fully insured to ensure that her clients are safe and protected.

Facts:

"Just over 3 out of 4 adults in the UK have admitted that they want to change at least one part of their body – that's 76% of the population! It is my goal to ensure every single one of my patients not only look amazing, but feel amazing too! I achieve this by providing patient- centred holistic care, this enables me to deliver personalised treatments and support.

Ethos:

By respecting each patient's individuality I am able to produce flawless results every time. Furthermore as an NMC Registered Nurse I have the duty to be competent in the treatments I provide. This means taking responsibility and accountability for keeping my knowledge and skills up to date through continuing professional development. I maintain my practise through frequent peer to peer training, annual conferences and implementing evidence-based practice"

REGISTRATION CERTIFICATE

This document certifies that the administration systems of

UKSAMS LTD

15 Blenheim Court, 17 New Church Road, Hove, East Sussex, BN3 4AJ

*have been assessed and approved by QAS International to the following
management systems, standards and specifications:*

ISO 9001:2015

The approved administration system

*Based on the ISO 9001:2015 standard provides
suppliers with the following information:*

ISO 9001 is defined as the international standard that specifies requirements for a quality management system (QMS). Organisations use the standard to demonstrate the ability to consistently provide products and services that meet customer and regulatory requirements and measure the standards of excellence for the company services. Its main goal is to facilitate trade, but its focus is on process improvement, safety, and quality in several areas.

UKSAMS LTD has successfully obtained its ISO9001:2015 Certificate Number: CA15452 in October 2020 and can fully support its customers giving them reassurance that they follow systems and standards set within the company and that these standards are regulated within the company and outside provider and for the second year running it has accomplished in passing the inspection in maintaining its ISO9001:2015.
